

# **0-0-50** Nutryon-K<sup>™</sup> Coated Potassium Sulfate

Professional turf fertilizer.

Greens grade (SGN 100)

## **Product Features**

- Offering consistent, predictable feeding for up to six months, Nutryon-K<sup>™</sup> microsized SOP can easily be incorporated into aerification programs to promote improved healing, plant health and stress tolerance.
- High rate of potassium. All the potassium is in the safer sulfate form.
- Contains 17% sulfur. Recommended for sandy greens.

# **Product Characteristics**

Product Type:	Greens grade Fertilizer
Particle Size:	SGN 90
Net Weight:	20 kg
Bulk Density:	1200 kg/m <sup>3</sup> (75 lb/ft <sup>3</sup> )

# **Turf Benefits**

- Using a tiny SGN 90 granule, Nutryon-K<sup>™</sup> micro-sized SOP is formulated specifically to penetrate even the tightest of turf canopies – your greens.
- Using Nutryon-K<sup>™</sup> micro-sized SOP immediately after aerification locks the controlled-release potassium right in the root zone, where it's needed the most, and minimizes the chance of mower pickup. The result? Healthier greens, especially in high-heat, hightraffic conditions.
- Nutryon-K<sup>™</sup> micro-sized coated sulfate of potash (SOP) use an innovative polymer coating based on naturally derived plant oil to provide steady, long-lasting potassium to the highest traffic areas of your course.
- Provides a high rate of potassium for improved drought tolerance, greater disease resistance and improved wear tolerance.
- Potassium is essential for photosynthesis. It assists in translocation of carbohydrates from the leaves to the roots.

# Guaranteed Analysis % Soluble Potash\* (K<sub>2</sub>0) 50.0 Sulfur Total\* (S) 17.0 17.0% Combined Sulfur (S) (S) 17.0

Derived from: Polymer Coated Potassium Sulfate.

\* The potash material in this product has been coated to provide 50% coated slow-release water-soluble potash ( $K_2O$ ) and 17% coated slow-release sulfur (S).

### **Directions For Use**

- Read the entire label before use.
- Apply only as directed during the growing season.
- Apply after mowing to prevent particle fracturing and pick-up by mowing equipment. To further reduce particle pick-up, do not collect clippings for one mowing after application.
- Nutrite encourages responsible use of our products. Help do your part in protecting our rivers and lakes by following label indications and cleaning driveways and walkways after application. Do not apply to frozen ground.

### Notice

 Information concerning the raw materials composing this product can be obtained by writing to the Guarantor listed below and referring to the item number found on this container.

#### **Precautions**

• KEEP OUT OF REACH OF CHILDREN. Harmful if swallowed. Do not inhale. Fertilizer may cause irritation of eyes, nose, throat and skin. In case of contact with eyes, flush with plenty of water; get medical attention.

#### Storage and Use

- Store in a clean, dry place.
- Reseal opened bag by folding top down and securing.
- Use only clean, dry spreaders.
- Do not leave unused product in spreaders.

#### **Notice to Buyer**

#### CONDITIONS OF SALE AND LIMITATIONS OF WARRANTY AND LIABILITY:

Buyer assumes all responsibility for safety and use not in accordance with directions. It is impossible to eliminate all risks inherently associated with the use of the product. Plant injury, infectiveness, or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond seller's control. In no case shall the seller be liable for consequential, special or indirect damages resulting from the use or handling of this product.
