## Pond & Lake Management Solutions

### Natural Pond Management Solutions

- **AquaSphere Pro®**

A biodegradable time-release dispenser that will continually introduce water beneficial bacteria for 30 days to reduce sludge while at the bottom of the water

- **Natural Blast®**

A strong water treatment supplement which comes in a 0.25 lb water soluble bag. Each bag treats up to 125,000 gallons of water and works throughout the entire water column

- **Rush®**

A granular oxidizer that serves as a water treatment supplement by accelerating the decomposition of floating organic matter on water and green slime on rocks

- **Vista®**

A water treatment supplement which comes in a 0.25 lb water soluble bag. Each bag treats up to 250,000 gallons of water and is designed to work in the top third of the water column to enhance water clarity

### Colorants & Dyes for Lakes & Ponds

- **Tahoe Blue® (Liquid)**

Tahoe Blue® Lake & Pond Color is a highly concentrated formulation of a blue water-soluble dye that contains more than twice the dye concentration compared to other typical pond dyes on the market.

- **Tahoe Blue® (WSP)**

Tahoe Blue® WSP Lake & Pond Color is a blended formulation of blue water-soluble dyes in a convenient to apply water soluble packet

- **SABLE™ Black (Liquid)**

Sable™ Black Lake Colorant is a highly concentrated, liquid black dye which beautifies murky, cloudy or off-colored water by turning the water body into a dark backdrop thereby creating an appealing, reflective water surface.

- **SABLE™ Black (WSP)**

Sable™ Black Lake Colorant WSP is a blended formulation of black water-soluble dyes in a convenient to apply water soluble packet
