

TRACER[®] HD BLUE

Spray Pattern Indicator Concentrate

- Highly concentrated non-staining blue liquid dye colorant
- Designed to highlight spray application pattern when applying pesticide, fertilizer, and/or growth regulator tank mixes
- Assure that spray applications are uniform with minimum overlap and no missed areas

Net Contents: 1 Quart (0.946 L)

Tracer HD Blue is a non-staining, highly concentrated blue liquid dye colorant designed to be used with pesticides, fertilizers, and/or growth regulator tank mixes to assure that these products are applied uniformly, with minimum overlap or no missed areas. It also assures the correct operation of spray equipment. Color response will be temporary on areas applied.

Product number: 269831Q

Directions for use:

Mix 4-12 ounces of **Tracer HD Blue** per 100 gallons of water. Amount depends upon desired color of spray solution. Initial use should be at the highest rate then adjust in subsequent applications to achieve desired color density.

For backpack sprayers add ½ ounce per gallon of water (2 oz./4 gallons water)

Tracer HD Blue may be added anytime during the spray tank filling process. Minimum agitation is suggested.

FIRST AID

IF IN EYES: Rinse immediately with plenty of water. Obtain medical attention if pain or redness occurs.

IF ON SKIN: Remove affected clothing and wash before reuse. Wash all exposed skin area with mild soap and water, followed by warm water rinse.

IF SWALLOWED: Rinse mouth. If you feel unwell, seek medical advice.

IF INHALED: Assure fresh air for breathing.
