

## Centaur Asia Pacific announces distribution agreement with Makro Organics in S.E.Asia

Centaur Asia Pacific is excited to announce that it will partner with Makro Organics to become their regional distributor for a range of environmentally friendly, plant extract-based products for the Sports & Turf Industry. Centaur will distribute Makro Organics products in Hong Kong, Macau, Singapore, Malaysia, Indonesia, Brunei, Vietnam, Thailand, Cambodia, and Taiwan.

**Jeffrey Eshuis** (Managing Director for Centaur Asia Pacific, Hong Kong) *"We are excited to be the distributor for Makro Organics in the region where we have a good network of sports turfs and golf course professionals. We look forward to working closely with Makro Organics to bring in more range of products to the region."*

Makro Organics was started by David Gaybba Jnr in South Africa. They stand firm in providing solutions to common water problems, with a range of products that is not only organic and environmentally friendly but also 100% Safe And Effective.

As the world moves to environmentally friendly solutions, Makro Organics offers a patented product range that is formulated from plant extracts. Makro Organics supplies effective organic solutions to a wide range of industries: Sports and Turf, Agriculture, Mining, Industrial, and Agriculture industries.

Their OxyTurf is a unique patented formulation of plant extracts that activates microbes & enzymes, improves percolation, reduces black layer & anaerobic conditions as well as improving the firmness of the playing surface.

OxyTurf is widely applied in spray programs & systemically increases dissolved oxygen levels in the soil profile. The product is applied by high-end users e.g., EU Champions league football fields, Horse racetracks, Rugby Stadiums, Golf Courses, etc as well as Council, University & School fields.

The product is Organic Certified, environmentally approved & REACH approved for EU.

*"Centaur Asia Pacific is a perfect fit for Makro Organics due to their position in the region and the turf market as well as their proven commitment to promote the product & support their client network. Makro Organics looks forward to building a mutually beneficial partnership with Centaur."*

- **David Gaybba** (Managing Director of Makro Organics)
