

CAMPEY™

Speedresser™ 24H

The Campey™ SPEEDRESSER™ 24H is a 2.4m wide drop-spreader designed to handle all topdressing material. The four flotation tyres on a pivoting axle minimise the risk of turf damage and compaction. The high work rate enables the spreading of dressings up to depths of 2mm - 75mm in one pass, making it ideal for golf courses and sports fields use, both with private clubs, local authorities and contractors. The SPEEDRESSER™ 24H requires a tractor of at least 75hp and is PTO driven via a heavy-duty transmission to an agitator and twin rollers. The twin rollers are now hydraulically adjustable against a pre-set stop to alter spreading rate applications.

Specification

Spreading width	2.40m
Overall width	2.65m
Body Length	2.30m
Hopper Capacity	5.75m ³
Loading height	2.00m
Gross weight	9,250kgs
Weight (unladen)	2,250kgs
Tractor requirement	75ph +. Pick up hitch or clevis drawbar & 2 spool valves
Tyres	4 x Flotation tyres - 15.5 x 14ply
Operating speed	Up to 12mph (18kph)
Options	Extra agitator recommended for fibre sand

Campey supply market leading, innovative turf care machinery worldwide, we're continually researching new techniques and refining existing practices to help turf care professionals achieve perfection.
