

MAREDO[®] ST series introduction

MAREDO is proud and excited to launch the new Maredo ST series machines

The all new MAREDO ST series machines is an innovative and unique series of machines. The main role in the ST series machine is for the STrac 700. The STrac 700 is a pedestrian tool-carrier. The 'tools' are the MAREDO ST heads. These ST heads are equipped with the proved MAREDO quality and technology.
